

Humboldt County Cannabis Appellations Baseline Study Farmer Application

-----Application's must be submitted by July 20, 2020 -----

Thank you for your interest in supporting the Humboldt County Cannabis Appellations Baseline Study. Contact Hollie@ICFA.farm or 707-502-4870, if you have questions about the application or would like to discuss the project.

Provide answers to the questions on a separate page referring to the question number, feel free to include attachments such as letters of support from community members. Submit completed applications either digitally or via snail mail to Dr. Hollie Hall: PO Box 5306, Arcata CA 95518; or Hollie@ICFA.farm

1. Applicant's first and last name:
2. Applicant's telephone number:
3. Applicant's email address:
4. Applicant's mailing address:
5. Farm name (as used for marketing):
6. Social media handles for the farm (if applicable):
7. Farm's physical address (street, city, and zip code):
8. Farm's Assessor's Parcel Number (APN):

9. Do you own, or lease, the property where the farm is located?

10. If the farm is chosen to host one of the 8 research stations, are you willing and able to commit to the project for a minimum of 3 years to allow the research team to compile accurate data?

11. CDFA outdoor cultivation license number:

12. Is cellular service and/or internet access currently available at the farm?

13. Are you willing to assist research staff, within 48 hours, in basic troubleshooting of the weather station?

14. Number of years that outdoor cultivation has occurred on the property.

15. Number of years the farmer has been engaged in outdoor cultivation in Humboldt county.

16. Describe the composition of the soil where cannabis is planted.

17. Do the cannabis plants' roots have access to native soil? If yes, please describe how the plants' roots have access.

18. Describe some of the major climatic features that influence the farm.

19. Describe the water source(s), and any water treatment(s), used to irrigate the cannabis.

20. Describe how you engage with your local cannabis cultivation community. (Do you share genetics and/or farming techniques? Are you a member of a local trade group, co-op, or regional cannabis organization?)

21. What steps has your local cultivation community taken toward developing a cannabis appellation?

22. Do you have a conceptual idea of the boundaries that might be used to define a cannabis appellation where your farm is located?

23. Describe some of the identifying features that you believe contribute to your cannabis appellation.
